Conditions of Membership

I pledge as a member of The Florida Wildlife Control Association that I will follow the code of ethics set fourth by the governing board. I will actively participate to insure the humane treatment of wildlife and to the professionalism of our industry.

The Florida Wildlife Control Association CODE of ETHICS

- (1) Relationship of Member to Public- The member shall always deal fairly and honestly in his advertisements and other solicitations of business. He/She shall always strive to build the public trust.
- (2) Relationship of Member to Client- The member shall thoroughly analyze and assess the needs of his clients and shall provide the highest degree of professional service.
- (3) Relationship of Member to Association- The member shall be loyal to the principles of his/her association and strive for advancement.
- (4) Relationship of Members to Competitors- The member shall not publicly criticize the business or private affairs of a competitor.
- (5) Relationship of Member to the Industry- The member shall strive to attain the highest possible educational standards so he may recommend and render intelligent and conscientious services.
- (6) Relationship of Member to the Governing Laws- The member shall uphold and abide by the laws and regulations that govern our industry.
- (7) Relationship of Member to Wildlife- The member will promote the understanding and appreciation for the economic and health concerns of humans adversely affected by wildlife. In good faith select new or time proven methods for resolving wildlife conflicts and give due consideration to humaneness, selectivity, effectiveness and practicality.
